

# SUPPLIES

eBase's Supplies module is an ordering system that allows users to request supplies using any computer with an Internet connection. The items available to be ordered are displayed complete with descriptions, images and ordering quantities. Users add items to their "shopping cart" which is then submitted for approval and the order is created.

## FEATURES:

- Secure access via any computer with Internet access
- Reorder consumable supplies
- Orders are approved by the appropriate department
- System provides scalability to address the organization's needs
- Upload images to prevent confusion when ordering supplies
- All Supplies orders are time-stamped for historical reference
- Add or remove items in a real-time environment

The screenshot shows the eBase Supplies Catalogue interface. On the left, there is a "CATEGORIES" sidebar with a tree view of product categories. The main area is titled "Catalogue" and contains a table of products. The table has columns for "Image", "Item #", "Description", "Supplier", "Price", "Unit", and "Quantity". Each row includes an "Add to Cart" button and a "1 in cart" indicator. The "Your Cart" summary at the top right shows 2 items for a total of \$69.37. A "Quick Search" field is also visible.
